Beautifully Reimagined 6-Bedroom Claremont Home with Extensive Modern Upgrades

This thoughtfully renovated Claremont residence offering 6 bedrooms plus a den, creating exceptional flexibility for large families, multigenerational living, guests, home offices, or hobby spaces.

At the heart of the home is a completely remodeled kitchen featuring all-new cabinetry, appliances, an expanded pantry, and an open-concept layout designed for effortless everyday living and entertaining. Walls were opened to create a bright, spacious flow between the kitchen and dining areas, while new windows invite abundant natural light throughout the remodeled spaces.

Extensive improvements extend far beyond the cosmetic updates. The home has benefited from significant plumbing, electrical, and structural enhancements, including upgraded water, sewer, and vent lines, a new electrical subpanel, updated wiring, improved lighting, gas line upgrades, and a relocated water heater. New framing, support beams, insulation, drywall, and trim further enhance the home's quality and longevity.

Comfort and efficiency have also been prioritized with HVAC and ventilation improvements, while laminate flooring throughout the home, fresh interior paint, and the smooth textured ceilings create a clean, contemporary aesthetic.

Outside, newly installed landscaping and irrigation provide attractive curb appeal and a welcoming outdoor environment. The spacious backyard, featuring a resort-like pool offers a haven for entertainers and large gatherings.

This exceptional residence presents a rare opportunity for buyers seeking space, flexibility, and move-in-ready convenience. Whether accommodating a growing household, extended family, or multiple generations under one roof, this beautifully updated home is designed to adapt to a wide range of lifestyles while delivering exceptional value in one of Claremont's most desirable neighborhoods, convenient to the Thompson Creek & Wilderness Park trails, staple grocery stores, and The Claremont Colleges.
