Property Description

This is a one of a kind property known as The George P. Weldon House in honor of its most historically significant owner.

One of the most appealing features is the downstairs bedroom and bathroom with separate entrance. This is the perfect set up for a multi-generational family, master suite, or rental. The garage has been converted to a multi-media room with projection screen and built-in cabinets.

There is clear pride of ownership that extends beyond the aesthetics to reroofing done in 2019, complete rewire of home with 200 amp electrical panel, copper re-pipe throughout including new mainline to house, dual pane windows, and 5-ton central air and heater.

It is a home that is rich in history and is sure to serve the new homeowners well!
