Description

Stunning Entertainer's Dream Home with Multi-Gen Living & Premium Upgrades. Welcome to this beautifully upgraded, spacious home designed for comfort, style, and entertaining, featuring an open-concept layout and high-end finishes throughout. The chef's kitchen is the heart of the home with stainless steel appliances, a massive center island, abundant cabinet space, and a large walk-in pantry, while elegant touches like wood shutters, ceramic tile flooring throughout the entire downstairs, and shipap surrounding the electric fireplace add charm and warmth. The highly desirable floor plan includes two bedrooms and two full bathrooms downstairs, perfect for guests or extended family, with four additional bedrooms upstairs including a spacious primary suite with a large walk-in closet and dual-sink vanity, plus a big walk-in laundry room with a sink. Designed for entertaining, the home features a huge backyard with stamped concrete, a built-in firepit, outdoor BBQ, and a covered patio, along with a large 12-foot sliding door with screen for seamless indoor-outdoor living. Additional highlights include a 3-car garage with tandem space for a fourth vehicle, whole house fan, surround sound speakers, and ample storage with coat and linen closets. A standout feature is the private mother-in-law suite with its own entrance, bedroom, living area, bathroom, refrigerator, counter space, and cabinets, ideal for multi-generational living or rental potential. The community offers three HOA pools (one within walking distance), covered areas, BBQ spaces, basketball courts, playgrounds, and a welcoming neighborhood with many young families, all conveniently located near shopping, a new Target, and great schools, with low HOA dues.
